FE3R16N NEW!

3-Wheels Rear drive Electric Forklift

Neries 1.6 ton

Noblelift's new N series electric forklifts include the FE3R series of compact three-point rear-drive electric forklifts, the FE3D series three-point front drive counterbalanced electric forklifts, and the FE4P series four-point front drive counterbalanced electric forklifts. N series electric forks with excellent performance will greatly reduce operating costs while boosting your work efficiency. Noblelift is committed to meeting customer needs as well as the concept of energy conservation and environmental protection in material handling industry.

- Variable wheelbase design, minimizing turning radius
- Compact body design with excellent trafficability
- Curtis intelligent computer control system and fault display
- Excellent safety and reliability
- Convenient and efficient maintainability
- Intelligent open structure chassis and battery access door
- Ergonomic design and comfortable operation

Variable wheelbase design

The forward and backward motion of front wheels is realized through the tilting of mast, therefore minimizes the turning radius.

Compact chassis

Overall width of forklift is 1000mm and turning radius is 1520mm, ensuring the excellent trafficability.

Sideextractionbatterydesign
Fast change of battery.

Convenient maintenance and repair.

Easy service and maintenance access

The N Series offer ages-spring-assisted battery hood to make battery checks and maintenance easier toper form. Downtime is further reduced through the use of its Curtison-board self-diagnostic system that makes troubleshooting and repairs quick and simple. The controuller is housed with in a compartment designed to prevent the entry of dust, water and other possible contaminants, yet the cover can be remored for easy and quick service and maintenance.

Intelligent open chassis and battery access door

3R N series offers various ways of removing or replacing battery, which is convenient for continuous shift operation and opening of battery door. You may change the battery from side or lift the battery from the battery just as regular forklift.

Ergonomic design and comfortable operation

Excellent safety and reliability

Big LED display

Intelligent factory

Introduction

NOBLELIFT

Driving speed, fully laden/unladen: 10/11(Km/h)

Lifting speed, fully laden/unladen: 0.24/0.37(m/s)

Turning radius: 1520mm

Working aisle width:

Pallet size 1000*1200 :3288mm

Pallet size 800*1200:3411mm

Climbing performance,

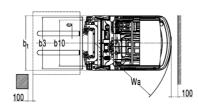

fully laden/unladen S2 30mins:10/13

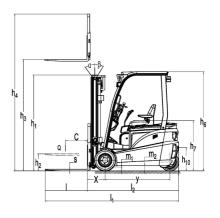

Maximum mast height: 6m

Type sheet for industria	al truck acc.	to VDI 2198
dentification		
1.1 Manufacture(abbreviation)		Noblellift
1.2 Manufacturer's type designation		FE3R16N
1.3 Drive:electric(battery or mains), diesel, petrol gas, manual)		electric
1.4 Type of operation(hand,pedestrian,standing,seated,order-picker	t) Q(t)	seated
	C(mm)	1600
,		500
1.6 Load centre distance	- +	
1.8 Load distance, centre of drive axle to fork	- +	340
19 wheelbase	1	1240
/eight		
2.1 Service weight incl. battery(see line 6.5)	- kg	3000
2.2 Axle loading ,laden front/rear	- kg	4000/600
2.3 Axle loading,unladen front/rear	kg	1280/1720
ires, chassis		
3.1 Type:solid rubber, superelastic, pneumatic, polyurethane		solid rubber/solid rubber
3.2 Tyres size, front		457/178-308
3.3 Tyres size,rear	_Li_	18×7-8
3.5 Wheels,number front/rear(×=driven wheels)	1	2/1×
3.6 Track width, front	b10(mm)	822
3.7 Track width,rear	b10(mm)	
imensions		
4.1 Mast/fork carriage tilt forward/backward	α/β(°)	3/6
4.2 lowered mast height	h1(mm)	1986
4.3 Free lift	h2(mm)	105
	h3(mm)	3000
	h4(mm)	3980
	h5(mm)	2060
